

How do I go about making changes to groups?

Created by Corey Tutewiler

Last updated Jul 20, 2016

If you make changes to groups in the Google Admin Console or the Office 365 Admin Center, you need to communicate the changes with Gaggle's Customer Support or it could disrupt mail flow.

Specifically, Gaggle needs to be aware of any of the following changes: name or title changes, structural changes, new groups that need reviewed, making existing groups non-reviewed, deletions or newly created groups.
